FROM: Joe Adams

RE: Transmittal of Draft FS
ACS NPL Site
Griffith, Indiana

Enclosed is one copy of the revised draft of the FS for the ACS NPL Site in Griffith, Indiana. This draft responds to U.S. EPA comments on the Initial Draft FS Report. AS we discussed by phone, the draft is submitted in redline format. Deletions from the original report have a line through them and additions are shown in bold. If you concur with the changes, the redlines will be removed and the report issued in final form.

If you have any questions, please give me a call at 708-691-5020.
